

Knox County R-I School District
Programs and Services Evaluation Form

Program: Safety

Person(s) responsible: Andy Turgeon Superintendent

Number of Employees: Certified 50 Non-Certified 46

Number of students enrolled/participating in the program: District-wide

Program: Local √ State √ Federal √

Goals and Objectives (Can it be measured with data?):

1. The district's facilities are safe.
2. The district has developed, implemented, and documented safety procedures

Evaluation Criteria (What gauges success?):

1. The district's facilities are safe.
 - Safety and emergency devices are in place and operational.
 - Staff members and students are trained in the safe and proper use of all safety and emergency devices where applicable.
 - Violence prevention training is provided to all staff
2. The district has developed, implemented, and documented safety procedures, which include:
 - safety inspections for buildings and grounds
 - appropriate safety/emergency drills
 - a reporting system for accidents
 - security and crisis management plans for each building

Types of data collected: (Check all areas that apply)

- Surveys of staff, community, students, business
- Standardized assessments, assessment statistics
- Longitudinal performance data
- Participation or placement rates
- Financial revenues/expenditures
- Internal evaluations by staff
- External evaluations by others
- Attendance rates
- Dropout rates
- Suspension/expulsion/discipline rates
- Participation rates in co-curricular/extracurricular activities
- Special program participation rates
- College/vocational attrition rates

- College/vocational completion rates
- Student attitude and interest surveys
- other –Inspections and training logs

Procedures used to evaluate the collected data:

Qualitative data is collected through surveys of students, staff, and parents/community.
Quantitative data is collected by the safety coordinator, the director of maintenance, staff and district safety committee through the process of daily, monthly, and annual inspection of facilities.

Who collects the data? Safety Coordinator/Committee _____

Who reports the data? Safety Coordinator/Committee _____

Who analyzes the data? Safety Coordinator, Safety Committee, Maintenance Director _____

Success of program based on the data (benefits):

The district provides a safe and secure environment, with implemented safety procedures, that accommodate the district's educational programs.

Recommended changes needed to achieve the goals and objectives of the program:

- Keep updating the safety plan and make it electronic.
- Keep practicing the procedures.
- Educate everyone on our safety procedures.

Action to be taken:

Refresh the backpacks. Get reflective arrows for the elementary hallway for fire emergence. Put a gate in on the back side of the elementary playground. Improve the security camera system. Look into CrisisGo.

Change made in the last two years:

- Basement repaired and usable for tornados.
- Training on intruder in the building.
- Involved first responders in our drills.
- Put a gate at the elementary playground

Date presented to the Board of Education: August 19, 2014 _____
